This calendar reflects 12 embedded professional development hours that must occur during student contact days. These hours can be accumulated during planning times or other contracted times (ex - before or after school). August 18 and June 2 are available workdays because of the embedded professional development days.

Any day missed for inclement weather will be made up at the end of the academic year.

All teachers must complete the final check out with the building principal prior to the June pay date.

*Nov. 22-23 - Teachers must participate in 12 hours pre-approved professional development, off contract, to receive SWAP days.
